Multi-Housing  
Quantum® Control

 **WashAlert™**  
with Service Alert

# GUIDED BY AN **INDEPENDENT** SPIRIT

Speed Queen world-class laundry equipment provides the ideal laundry solution for condos, apartments, colleges, universities, and military bases.

With some of the most advanced laundry equipment technology in the industry, Speed Queen offers a variety of ground-breaking control options to suit your unique needs. From our revolutionary Quantum® Controls to our WashAlert™ with Service Alert system.

**Speed Queen.**

## ENHANCED NETWORKING SYSTEMS

Allows your laundry room to be networked to a website or property cable channel, giving residents the ability to remotely check machine availability and remaining cycle times for maximum convenience.

## TEXT or EMAIL NOTIFICATIONS

Provides convenient text or email notifications to residents when a cycle is complete or when a machine is available.

## SERVICE ALERT

Alerts the Laundry Service Provider (LSP) with real-time information on everything you need to know about your laundry room operation. From vend errors and auto restarting that let you know when a machine needs servicing, Service Alert reduces downtime and ensures that your laundry room is operating at peak efficiency.

## MAXIMIZE SERVICE OFFERINGS

Speed Queen's WashAlert with Service Alert System provides an enhanced solution for your multi-housing facility. Its technology offers remote laundry room machine availability, making it easier for residents to do laundry, while giving the resident automated updates about your laundry-room operation in real-time.

Residents can go online or check their local property channel to see when a washer or dryer is available. They also have the convenience of being able to easily check the status of their laundry over their apartment's cable television channel or website, and can get a text or email when their laundry is done.

# DEDICATED TO SETTING NEW STANDARDS.

## Quantum®

### EASY-TO-READ

Quantum controls offer an easy-to-read digital display with LED lights, a touchpad selector and a wash cycle countdown that allows residents to conveniently see how their load is progressing and helps increase machine availability.

### PREMIUM CYCLES

Gives your residents the option to choose up to 27 cycle combinations to provide the proper temperature and soil level selection for maximum efficiency and user preference.

### SOIL SELECTION

Allows your residents to choose the perfect cycles for soil level of their laundry.

### TOP-OFF DRYER TIME

Gives residents the option to purchase additional time before the initial dryer cycle has been completed.
